¹ Due to lower cleaning and maintenance costs comparing carpet and hardwood and the durability of Bolon flooring the LCCA will give a positive result.
The LCCA can be calculated per project by a third party and is not something we calculate ourselves.

² Bolon flooring has a long product lifetime during which we offer warranties up to 15 years.

³ Unlike textile, carpet or hardwood, our flooring retains its appearance without flattening.

⁴ Our acoustic flooring improves the decibel value up to 19 dB.

*“STTK’s entire office has Bolon flooring. Particularly our conference rooms are in heavy use. Although the chairs in the conference rooms are not on wheels, the flooring has withstood the constant moving of the chairs. **Cleaners praise the easy maintenance. Bolon comes in different designs to enliven the look of the office.** It’s hard to imagine any other carpet-like flooring solution for offices.”*
