

GYM PROJECTS

Be inspired by projects from all over the world and explore how others have used our floorings to create spaces to thrive in.

BOLON

WOVEN DESIGN FOR THE CONTRACT MARKET

Bolon is a design-driven family business specialising in innovative flooring solutions for the contract market. Since the start in 1949, we have gone from a traditional weaving mill to an international design brand. With a fundamental dedication to sustainability, we design and produce all our products in Ulricehamn, Sweden.

Bolon flooring is ideally suited for the gym sector. The material is highly durable and designed for intensive commercial use, while offering an exceptional woven design. It meets the requirements for heavily trafficked areas with very high levels of wear and tear. For this reason, Bolon can be installed extensively throughout gym environments such as: training rooms, changing rooms, corridors, lobbies and stairs.

Bolon is suitable for gym projects of all sizes and offer versatile solutions for your gym interiors. Marriott International, Delano, Six Senses, Adina Hotel, ZWYN and Kwangju Country Club are some of the well-known brands that have chosen Bolon for their premises.

 HIGH SCORE

■

 NOT AVAILABLE

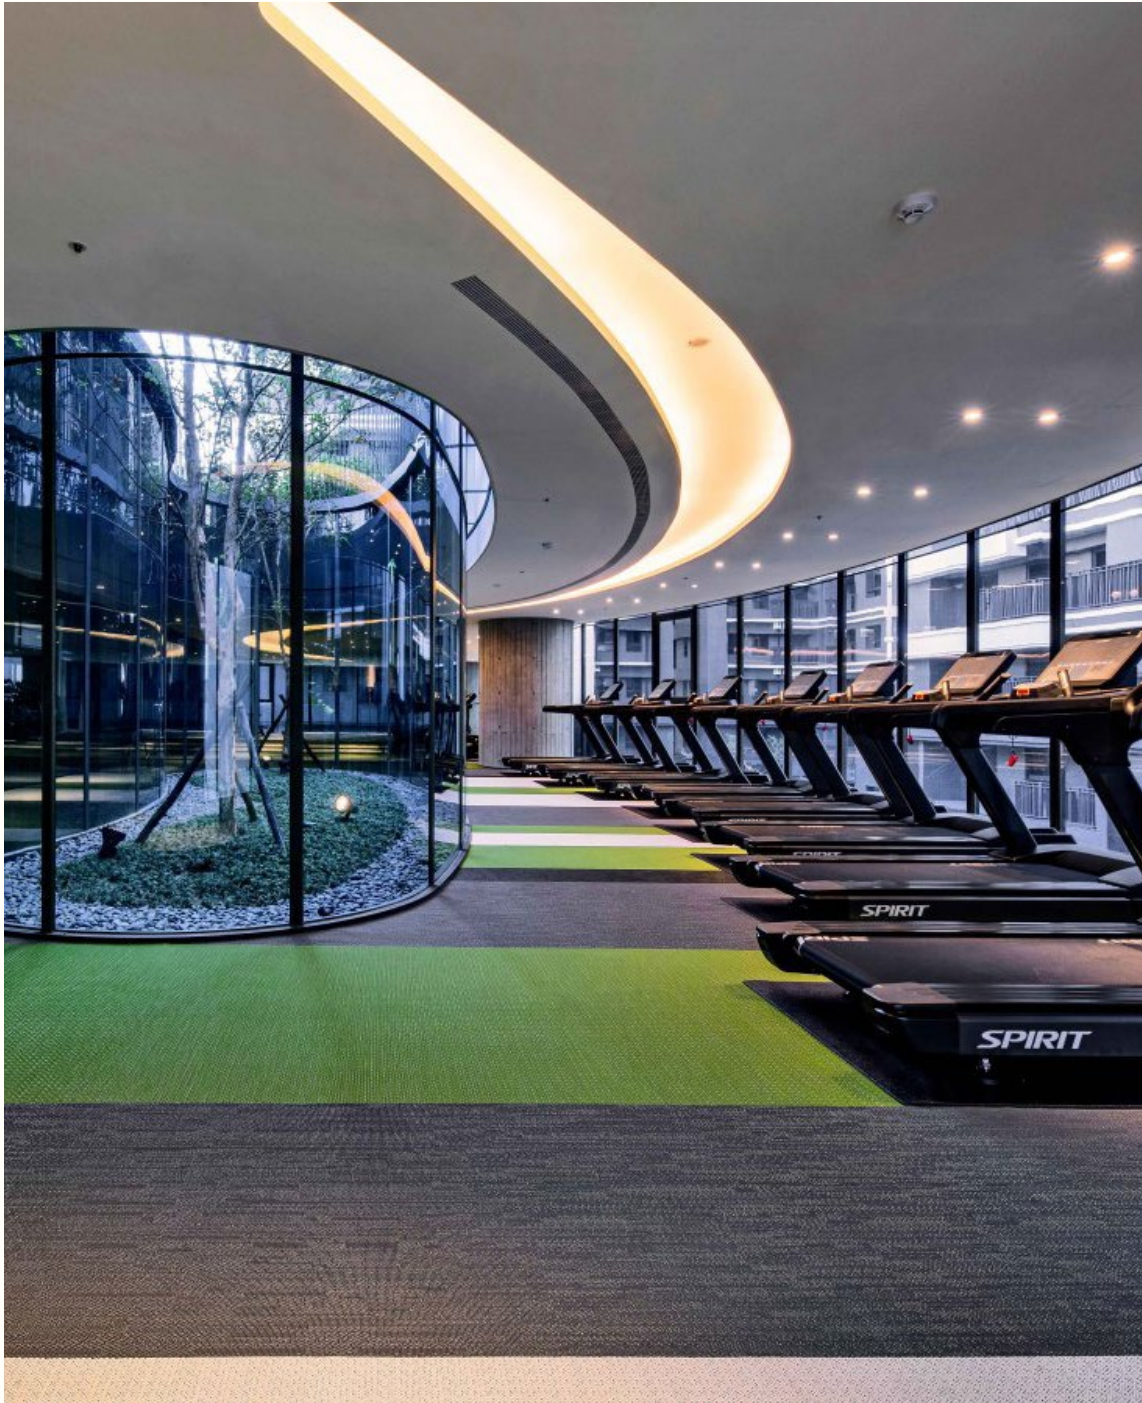

¹ Due to lower cleaning and maintenance costs comparing carpet and hardwood and the durability of Bolon flooring the LCCA will give a positiv result.
The LCCA can be calculated per project by a third party and is not something we calculate ourselves.

² Bolon flooring has a long product lifetime during which we offer warranties up to 15 years.

³ Unlike textile, carpet or hardwood, our flooring retains its appearance without flattening.

⁴ Our acoustic flooring improves the decibel value up to 19 dB.

BEAUTY WITH BENEFITS

- All Bolon flooring and rugs are climate-neutral and contain 68% recycled materials.
- Bolon flooring and rugs contribute to your guests' overall design and interior experience. Distinctive design and woven look create an inviting, fresh and pleasant atmosphere.
- Bolon offers outstanding operational features. Its hard surface makes maintenance easy and allows for the smooth movement of wheelchairs and heavy loads.
- The exceptional durability and long lifetime of Bolon flooring provide peace of mind, allowing you to focus on your business. Our flooring lasts and stays looking like new when correctly maintained.
- Bolon flooring is emission and allergy-free. It can be cleaned with only water and does not need any chemical treatments, contributing to good indoor air quality for your guests and staff.

OUR PRODUCTS

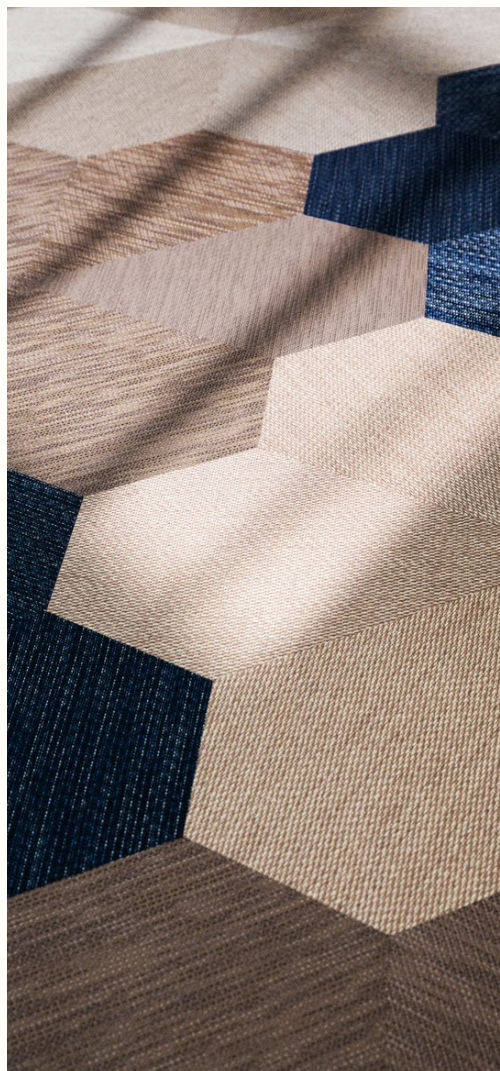

ROLLS / ACOUSTIC ROLLS

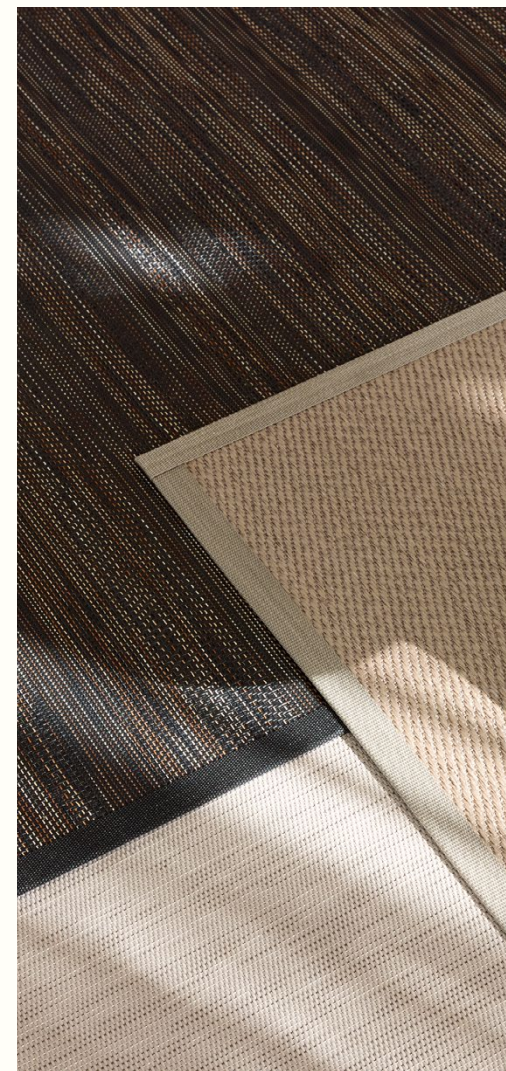

TILES / ACOUSTIC TILES

STUDIO TILES

RUGS / OUTDOOR RUGS

TRAINING ROOM

- Comfortable to walk on, and supports good indoor air quality
- Easy maintenance, retaining a fresh and pleasant appearance

CHANGING ROOMS

- Durable construction, suitable for high-traffic
- The distinctive design enhances the guest experience
- The acoustic comfort of Bolon is perfect for busy, noisy corridors with heavy foot traffic, as it offers increased impact sound insulation by reducing the transmission of footstep noise to the rooms below.

RECEPTION

- Creates an impactful first impression. Endless colour and design possibilities to match your brand identity
- Durable construction, suitable for high-traffic areas with heavy loads
- Low operational costs

GYM AREA

- Premium design flooring that enhances the gym experience
- Easy to clean - Impervious material - Sweat proof!
- Impact resistance and shock absorption in areas where free weights or machines are used (for areas where heavy weights are used we recommend a gym mat.)

CLEANABILITY

Bolon flooring represents an unbeatable combination of design, durability, ease of cleaning, maintenance, and sustainability. Looking after it correctly will give you many years of pleasure and performance.

Due to its impermeable and solid construction, it is simple to maintain—most cleaning and maintenance can be accomplished with a vacuum cleaner, scrubbing brush, and water.

SCRUBBING BRUSH

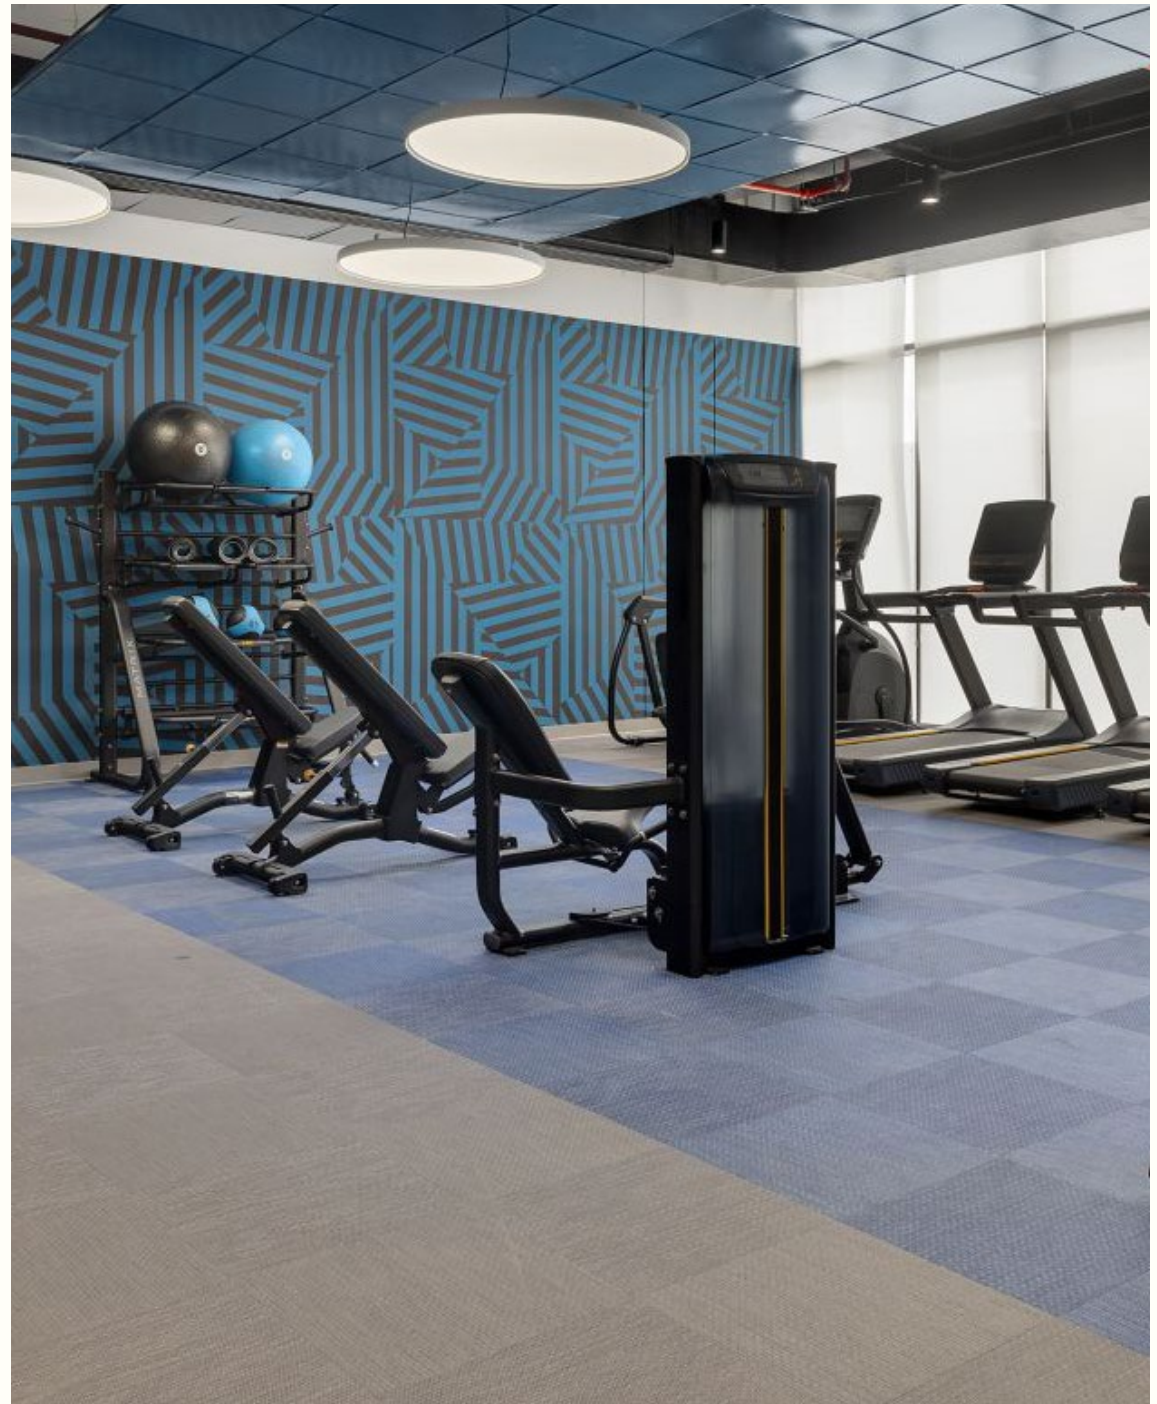

“The gym is a part of life for many of us. We go there to tend to our physical health, yet the visual space is an important aspect for our mental health. Bolon is a great choice to create inspiring and uplifting floor design at the same time as keeping an easy to clean solution, which make it perfect for fitness centers.”

KLARA PERSSON,
DESIGN DIRECTOR

CLIMATE-NEUTRAL PRODUCT AND PRODUCTION

Sustainability isn't just something we say; it's what we do. We are proud that our sustainability work covers all our products, not just selected niche collections. This means that all our products contain 68% recycled material, with 0% climate impact in every square meter. All our manufacturing takes place in our climate-neutral factory in Sweden. Through the Back2Bolon take-back programme, old products installed with non-permanent solutions can be returned for recycling.

Read more about our sustainability and certifications on our website [here](#).

WOVEN DURABILITY

The durable construction in combination with its tactile woven expression and high-end design, makes Bolon flooring and rugs a superior choice for rooms, corridors, lounges and public spaces in a gym.
