

HEALTHCARE PROJECTS

Be inspired by projects from all over the world and explore how others have used our floorings to create spaces to thrive in.

BOLON

WOVEN DESIGN FOR THE CONTRACT MARKET

Bolon is a design-driven family business specialising in innovative flooring solutions for the contract market. Since the start in 1949, we have gone from a traditional weaving mill to an international design brand. With a fundamental dedication to sustainability, we design and produce all our products in Ulricehamn, Sweden.

Bolon is suitable for healthcare projects of all sizes and offers versatile solutions for your interior designs. Kinderspital in Switzerland, Chirec Delta Hospital in Belgium, Skandionkliniken in Sweden and Dental Office Dr. Beetke in Germany are some of the well-known healthcare facilities that have chosen Bolon for their premises.

WHY BOLON?

CHARACTERISTIC	BOLON	TEXTILE CARPET	LINO RUBBER RESILIENT VINYL	HARD WOOD	CONCRETE STONE CERAMIC
LCCA - Life Cycle Cost Analysis ¹	●	●	●	●	●
Extensive product lifespan ²	●	●	●	●	●
Appearance retention over time ³	●	●	●	●	●
Textile appearance	●	●	●	■	■
Comfort under foot	●	●	●	■	■
Impact sound reduction ⁴	●	●	●	●	●
Slip resistance	●	●	●	●	●
Impervious material	●	■	●	■	●
Antistatic properties	●	●	●	●	●
Minimal chemical properties	●	■	●	●	●

● LOW SCORE ● HIGH SCORE ■ NOT AVAILABLE

¹ Due to lower cleaning and maintenance costs comparing carpet and hardwood and the durability of Bolon flooring the LCCA will give a positiv result.
The LCCA can be calculated per project by a third party and is not something we calculate ourselves.

² Bolon flooring has a long product lifetime during which we offer warranties up to 15 years.

³ Unlike textile, carpet or hardwood, our flooring retains its appearance without flattening.

⁴ Our acoustic flooring improves the decibel value up to 19 dB.

BEAUTY WITH BENEFITS

- All Bolon flooring and rugs are climate-neutral and contain 68% recycled materials.
- Bolon flooring features a tightly woven, impervious structure that prevents liquids and dust from penetrating.
- Bolon supports good indoor air quality and has low VOC emissions.
- The operational features of Bolon are outstanding; it is easy to roll both wheelchairs and loads on the hard surface.

KITCHEN

- Easy maintenance, retaining a fresh and pleasant appearance
- Durable construction, suitable for high-traffic environments

PLAYROOM

- Distinctive Bolon design that appeals to children
- Durable construction, perfect for active play
- Easy to maintain and resistant to spills
- Maintains freshness and supports good indoor air quality

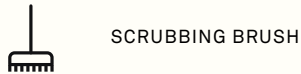

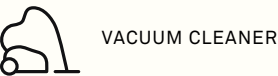

CLEANABILITY

Bolon flooring represents an unbeatable combination of design, durability, ease of cleaning, maintenance, and sustainability. Looking after it correctly will give you many years of pleasure and performance.

Due to its impermeable and solid construction, it is simple to maintain – most cleaning and maintenance can be accomplished with a vacuum cleaner, scrubbing brush, and water.

Read more about maintenance on our website [here](#).

CLIMATE-NEUTRAL PRODUCT AND PRODUCTION

Sustainability isn't just something we say; it's what we do. We are proud that our sustainability work covers all our products, not just selected niche collections. This means that all our products contain 68% recycled material, with 0% climate impact in every square meter. All our manufacturing takes place in our climate-neutral factory in Sweden. Through the Back2Bolon take-back programme, old products installed with non-permanent solutions can be returned for recycling.

Read more about our sustainability and certifications on our website [here](#).

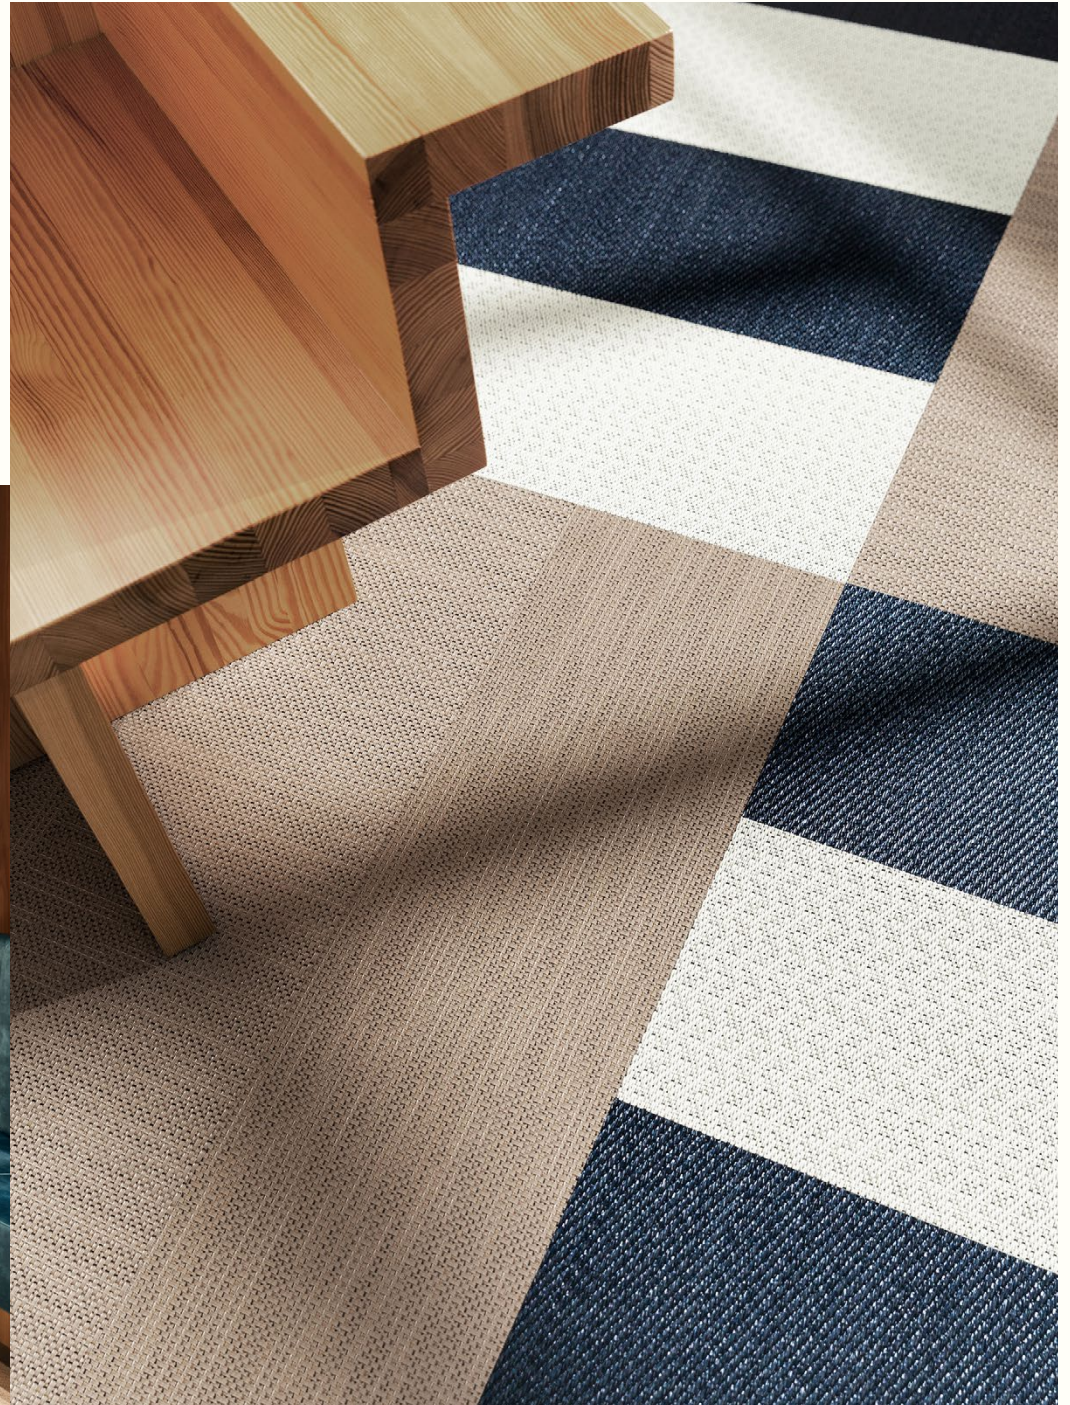

BKB: Sisal Plain Sand

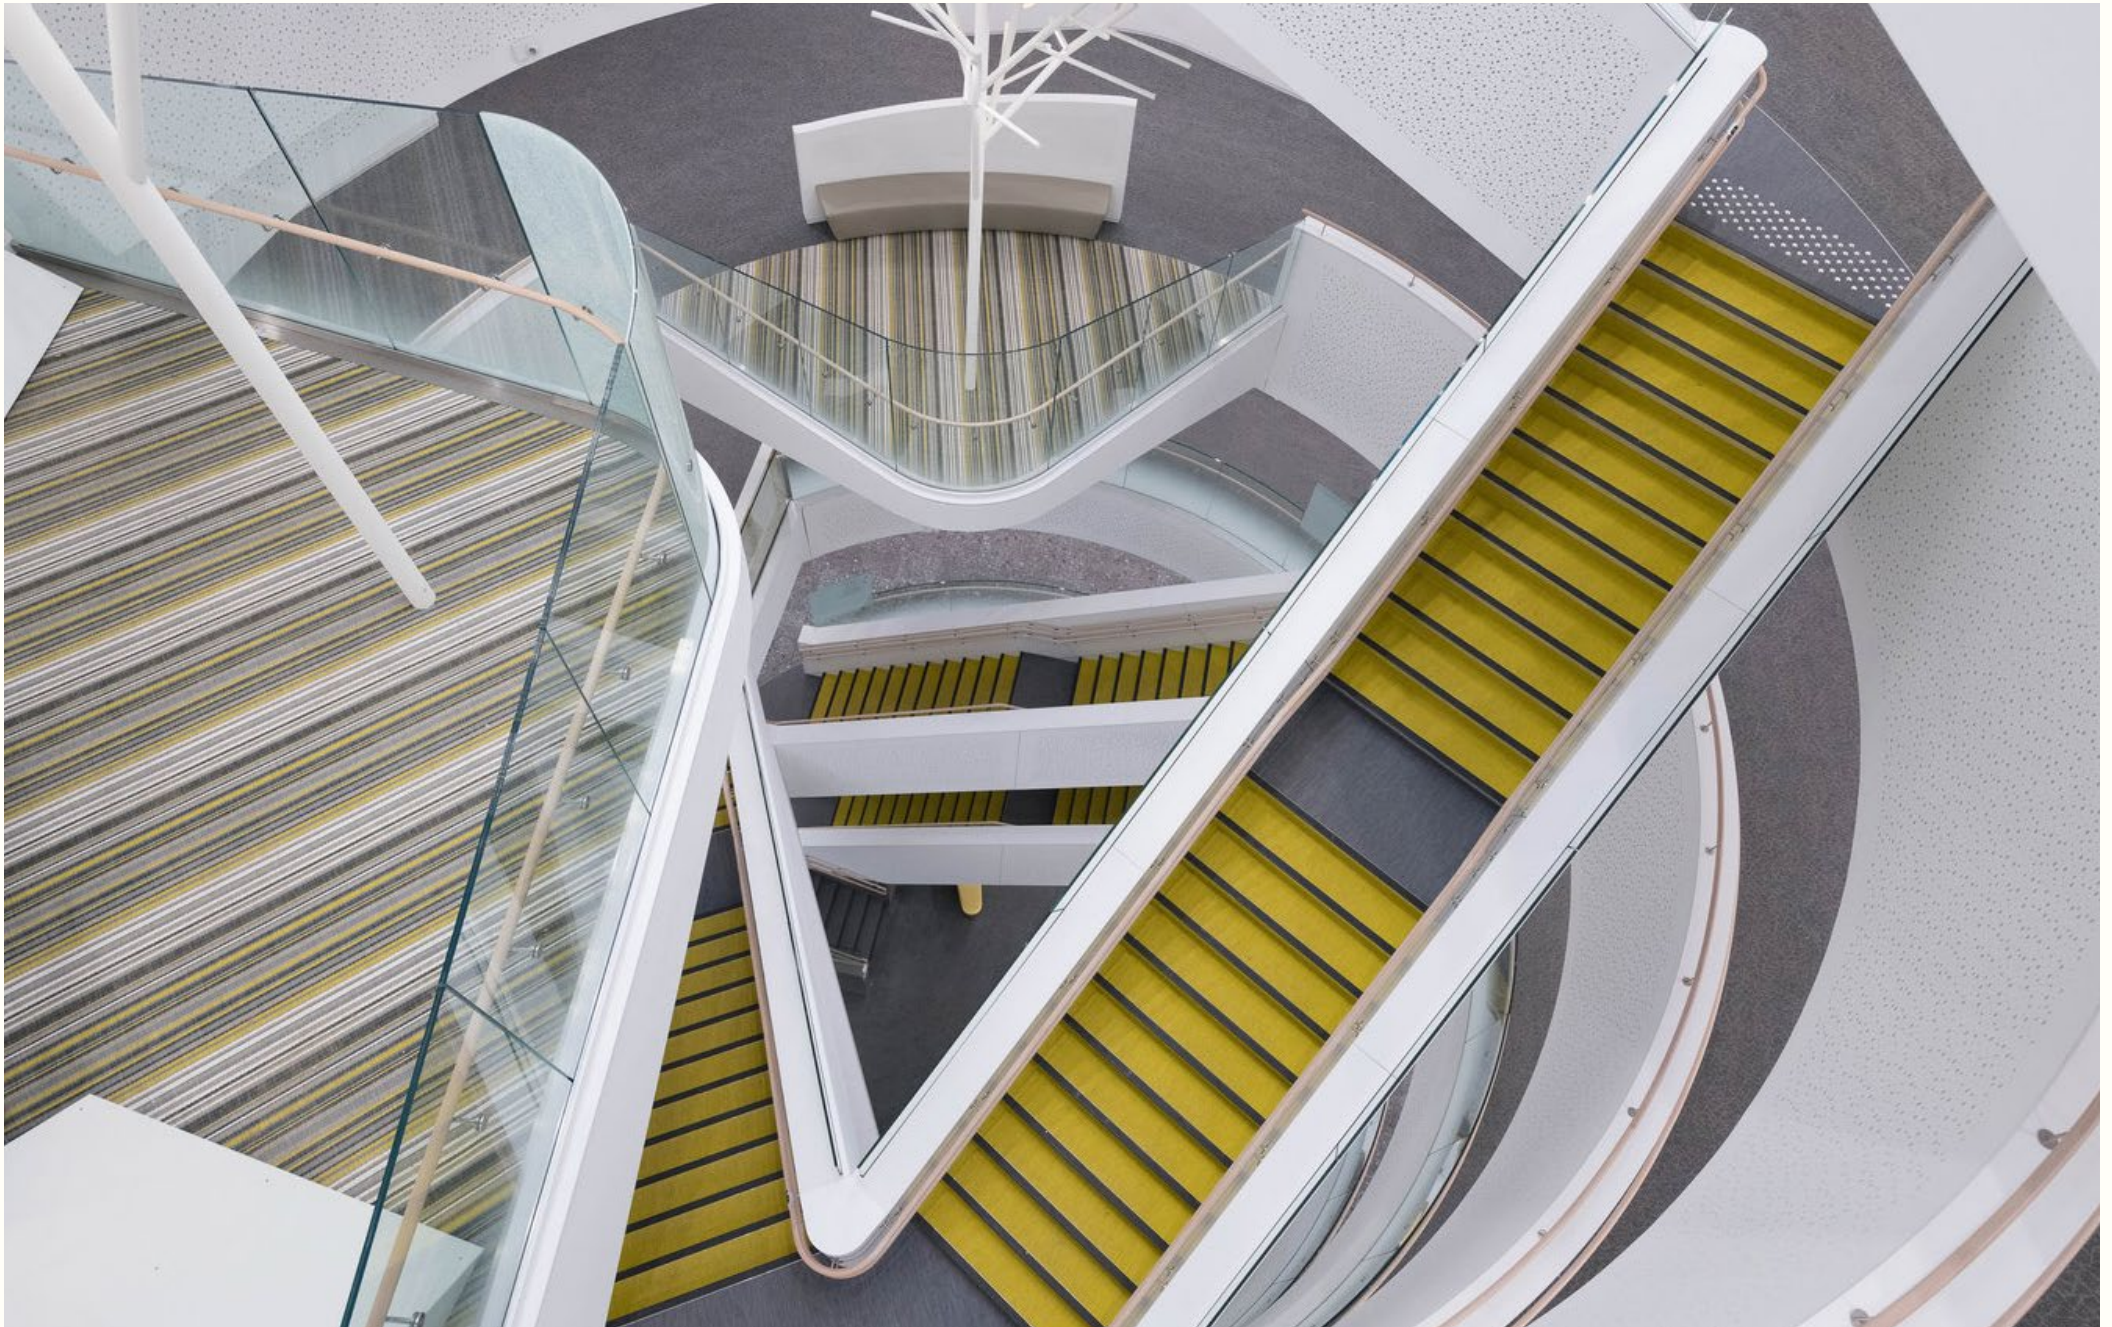

“When hospitals are built or renovated today, architects often strive to create environments that are as homely and calming as possible. These spaces should protect privacy and maintain dignity. High-quality materials and well-thought-out colour schemes foster a positive experience for those receiving care, promoting healing.”

KLARA PERSSON,
DESIGN DIRECTOR

WOVEN DURABILITY

Designing healthcare or wellness premises demands material choices that are safe, durable and practical. The aesthetics of the interior are sometimes compromised in favour of health qualities. With Bolon, you do not need to settle for a good enough-looking flooring design.
